For years, they were the world's most notorious outlaws.

And everything you've ever heard or read or watched about them

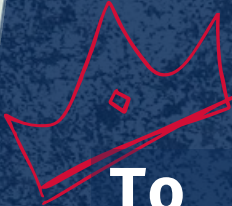

is a **LIE**.

This is  **THE REAL STORY**

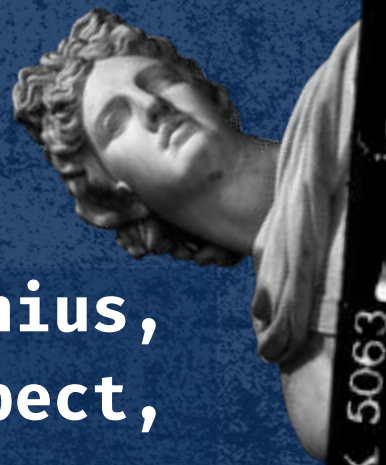

Janice Dyson met John McAfee on a humid Miami night in 2012. What should have been a one night stand became a decade-long love story, crime story, road movie, and psychological thriller.

Together, they crossed state lines and international borders in a world filled with buried cash, murder investigations, shootouts, presidential campaigns, cartel threats, drugs, paranoia, and alleged assassination attempts.

To the public, John McAfee was a genius, outlaw, conspiracy theorist, murder suspect, tax fugitive, and walking headline.

But now that John's

GONE . . .

JANICE HAS

THE SMOKING GUN

This feature documentary follows Janice as she looks back at the life she built with John, the reality he created around her, and the ways **love, power, class, race, money, and fear** shaped their marriage.

After John dies in a Spanish prison cell, Janice refuses to accept the official finding of suicide. Stranded in Spain and fighting for answers, she must solve the mystery of John's death while finally confronting what happened to her.

I Love You Janice
Do NOT WORRY ABOUT
Me, I am fine. I know
How To SURVIVE in here.
Be STRONG for me I will
call when I can.

 **ACCESS + ARCHIVAL MATERIALS**

This story is built around an exclusive agreement with Janice McAfee. For the first time ever, she's telling her story.

The real story. And it is so different, and so much crazier, than anything you've heard.

We were the only team present and filming at John McAfee's funeral in **Spain**. We also filmed in **Oakland** with Janice's sister when Janice returned to America with John's ashes.

Janice has obtained John's remains, the **Barcelona** prison autopsy report, and **the smoking gun**: the prison surveillance video with the discovery of his body (and more).

We also have access to roughly **100GB of never-before-seen footage** from the McAfees' lives together and time on the run.

Together, these give us exclusive character access, intimate family footage, official materials, funeral footage, and unseen archive from inside **the McAfee story**.
